Ten persons, including a five-year-old girl bicyclist and an eight-year-old boy pedestrian, were injured over the weekend in nine of 27 traffic mishaps occurring in and near the Quad-Cities.

Little five-year-old Patricia Skinner was hospitalized here yesterday afternoon with a concussion and bruises and abrasions following an accident involving her bicycle and an auto driven by Marjory J. Polley, 2531 Ponton road.

Police said the girl, daughter of Mr. and Mrs. Robert Skinner, 4040 Vesel avenue, was riding east on Spalding avenue and making a left turn, while the auto was going south on Vesel avenue.

Wayne Brannum, eight, a second grader at Nidringhaus school and son of Mr. and Mrs. William Colyer, 2621 Madison avenue, suffered head abrasions and bruises about 3:50 p.m. Thursday when he ran into the side of an auto driven by Donna Summers, Rural Route One, at 27th street and Madison avenue.

The boy, who was on his way home from school, was kept at the hospital overnight. The motorist was making a right turn off Madison avenue.

Crash Injures Two
Two persons were hurt about 12:30 a.m. Saturday when their auto was struck by another car on Madison avenue.

Injured were the driver, Gerald Rock, 19, of 2115 Lee avenue, and a passenger, Linda Krupar, 19, of 518 Grand avenue.

The driver of the other auto, Ann Pelizzari, 23, of 2151 Washington avenue, was charged with failure to report an accident in which there were injuries.

Her auto was located by Madison police a short time after the crash at the rear of the building in the 1200 block of Madison avenue.

Harold A. Baker, 42, of Ironstone, Mo., was admitted to the hospital at 4:45 a.m. Friday with severe scalp and facial cuts suffered in an accident on McKinney bridge.

26 Seek 15 Seats In Tuesday Elections

Polls Open 6 a.m. to
6 p.m. in Madison,
Venice, Ponton Beach

Twenty-six candidates are seeking election to 15 positions in tomorrow's municipal elections in Madison, Venice and Ponton Beach. Polls will be open from 6 a.m. to 6 p.m.

Two complete tickets will be on the ballot to elect Ponton Beach officials, including village president, clerk and three trustees, while nine are running for five aldermanic seats in Madison and seven for five aldermanic posts in Venice, including posts in the mayor's office.

At Ponton Beach, Thomas Stalco, incumbent board president, is running for reelection, while the current village clerk, Edith Phelps, is opposing him at the top of the Citizens Party ticket.

Running with Stalco are Mrs. Nancy Kossler for clerk and Roswell Bennett Jr. for trustee. Jackson is an incumbent.

On the ticket with Phelps are Floyd Ashoff for clerk and Harold McBride, Clyde Bradshaw and Gerald Warren for trustees. McBride is a former trustee.

Three Madison candidates are running on the ballot. They are Donald L. Broyles for alderman of the Second Ward and Mike Sikora for alderman of the Fourth Ward, both seeking reelection for the first time, and incumbent John Haynes of the Fifth Ward.

However, Haynes will have written opposition from Charles Rockett, who was ruled off the ballot by the Madison election board after filing faulty petitions containing the wrong election date.

Broyles, Sikora and Haynes are running on the People's Improvement party ticket along with incumbent Emil Ulaniski, First Ward alderman, and Stanley Krakowski, candidate for First Ward against Ulaniski, and George S. Burdel and Donald Lee Krakowski, Third Ward against Krakowski.

Venice Candidates
In Venice, John Ervin is the lone candidate for a two-year unexpired term as Third Ward alderman.

Running on the Citizens Progress party are Lloyd H. Patterson for First Ward alderman, incumbent George A. Mangiarini for Second Ward alderman, and Stanley Krakowski, candidate for Third Ward against Krakowski.

Actual capacity of the new tank will be determined after test borings are made at the site. The company holds an option on the ground, and an easement permit is to be sought from the city for the tract which now is zoned commercial.

Two other local Jaycees took part in the meeting. Ronald Pennell was elected outstanding speaker in the "Speak-U-Jay" contest following his delivery of the topic, "The Brotherhood of Man Transcends the Sovereignty of Nations."

Pennell, who succeeds Robert Collins of Granite City last year's winner, was afforded a standing ovation. He will compete for the state award at the annual Illinois Jaycee convention May 6, in Springfield.

'Bargain Day' Sewer Vote Theme Explained

(Second of Seven Articles)
"Bargain Day" may bring to mind scenes of shoppers flocking to stores, but it also has been chosen as the theme of the May 6 sewer election.

In explaining why, Granite Cityers For Better Sewers say that "Bargain Day" is the only phrase that adequately conveys the attractiveness of the plan to the main Granite City fire station. A factory representative is to be here today to instruct firemen in the operation of the truck.

charges of several dollars a month.

Comparing the monthly and yearly figures, the "For Better Sewers" group — formed to present the program to the public — points out that this means only one-twelfth the cost for many Granite Cityans. What would have cost a certain amount before will now only be one-twelfth as expensive.

2% of Property Rate
Another way of putting it is that Unit One of the sewer plan involves increase of less than 2% of present property taxes.

The "Better Sewers" program amounts to a nine-cent tax rate increase on a \$100,000 home assessed at \$100,000, this amounts to only \$9 a year.

Each figure, \$4.50 to \$9, were commonplace in past plans in which charging was based on water consumption, but the figures referred to monthly charges. Now, the figure applies to an entire year, the equivalent of monthly charges of only several dimes.

This small charge, which will drop steadily as total Granite City assessments rise, Granite Cityers For Better Sewers note.

Tax Will Drop Steadily
A notice of appeal of the case involving tax objections of the Madison county operating railroad, to the U. S. Supreme Court, filed Saturday by the Illinois State Atty. Leon Scroggins. The appeal then must be heard in Washington in 60 days.

Bernard, serving as special counsel for all Madison school districts except Alton, pointed out that the Illinois Supreme court refused in January to consider constitutional points on grounds the points had been passed upon in an earlier Illinois Supreme Court hearing.

The U.S. court refused an earlier plan for an appeal hearing and gave no reason. Scroggins said Bernard said they believe any technical objections the U.S. court had then may now be removed.

Truck Arrives--
Ceremony Today

A ceremony is being held this afternoon at the main fire station when keys to the new, 85-foot aerial ladder truck are to be presented to Mayor Partney by N. P. Veeder, president and board chairman of Granite City Steel Co.

The 85-foot aerial ladder truck was delivered Saturday evening and a factory representative from Seagraves Fire Apparatus Co., Clintonville, Wis., is to arrive to train firemen in its operation.

Chief Earl Fronberger said the truck should be in service in a few days.

Also participating in this afternoon ceremony are Aldermen Ford Johnson, chairman of the council's fire committee, and other officials of the steel firm.

Contract for the truck was awarded in February 1966 to Seagraves. Funds for purchase of the truck came from the city's share of the steel mill of streets and alleys in the behind-the-mill area where Granite City Steel is erecting its basic oxygen furnace.

Four Traffic Arrests By Granite City Police

Parolee Sentenced in Sex Delinquency Case

Charles Richard Price, 20, who gave an address in the 2900 block of Myrtle avenue, pleaded guilty Friday to a charge of contributing to the sexual delinquency of a minor, a 15-year-old runaway girl from Granite City.

Price was taken into custody on a complaint filed by the girl's parents Thursday afternoon. Police said he had taken the girl to Alton. Price was described as a federal parolee on an auto theft conviction.

He was sentenced to six months at the state farm at Vandalia and was taken to the county jail on Friday.

Alton police have filed a warrant against Price charging auto theft and have released a hold order on him pending his place from the state prison farm.

Arrest tickets on traffic charges were issued to four motorists Friday by Granite City police. Charged with speeding were Arthur Schreiber, 2200 Delmar avenue, at Benton street and Oregon avenue, and Merlin Ingram 2205 Madison avenue, in the 2000 block of Madison avenue.

Raymond Hoffman, 1823 Maple street, was charged with disobeying a traffic signal, and Michael Nizinski, 2400 Edison avenue, was charged with careless driving.

Vandals Break 6 Windows
Rock-burling vandals broke six windows in garages Friday night at the homes of E. J. Wade, 2513 Madison avenue, Mrs. J. O. Kovach, 2501 Madison avenue, and Kenneth Reeves, 2306 Grand avenue. A total of six windows were broken. Richard Johnson, 2214 Iowa street, said eggs were thrown at his auto parked at his home.

Madison Ave. Crash
Autos driven by Gloria Mason, 2224 Adams street, and Gary Portell, 2824 Edgewood drive, were involved in a collision Saturday morning at 27th street and Madison avenue, where Portell was making a left turn.

GC Police Give Warning To Parents of Veterans

A man who says he represents an art firm apparently is playing on the sympathies of parents of deceased Vietnam war veterans, Granite City police warned today.

He is going to parents of boys killed in Vietnam wanting to produce photographs of them. Two women who complained said the man gave an address at Edwardsville. He accepted and cashed checks received from them without providing photographs.

He was described as being between 35 and 60 years old, six feet, one inch tall, weighing 225 pounds and having a medium complexion.

A check with Edwardsville police showed that the man had moved from Edwardsville about three months ago.

Crash on Nameoki Road
Two autos traveling north on Nameoki road were damaged Saturday afternoon at St. Clair avenue where Kenneth Resten, 1701 Sycamore avenue, was attempting a right turn. The rear of his auto was hit by the car of Jane Yeager, 2721 Myrtle avenue.

Stick-Up

Food Market, 1903 Fifth street, Nameoki township, a few minutes after a telephone informant told officers a break-in was in progress.

A fourth man, driver of a car one seen at the grocery store, was taken into Madison police custody for investigation, but later was released.

Madison police said they looked into the case of a woman, 24, whose address was listed by police as the 300 block of Washington avenue, Madison.

She had said she had lived in the 1900 block of Harris street until a few days previously, and Herbert L. Lynn, 20, of 7 Lakeview drive, Ponton Beach, they were charged with attempted burglary and being held at the Madison county jail in Edwardsville.

A call was received by Madison officers shortly after 11 p.m. from a Madison woman who said a neighbor had asked her to look after a package for her.

At the same time, officers received a radio message to meet a Venice officer on the parking lot at Fourth street and Madison avenue, where he was holding four suspects, three of them from one red over white car and another driving a red and white car. All four men were taken to Madison police headquarters.

Because the market is located in the county, police called in Deputy Sheriff Dennis Damm, who searched the car which had been occupied by the three arrested suspects. According to police, the suspects found a crowbar and a hatchet and a brown bag containing several white envelopes. One of the white envelopes was opened and contained capsules, police said.

The driver of the second red and white car was cleared of the case and released, officers reported.

Billfold, \$132 Stolen
Her billfold containing \$132 in bills and coins was taken from her purse behind a counter at Arthur Means Service Station in Venice where she was working Thursday afternoon, according to a report by Velma Means, 2006 Beckwith street, Madison. Mrs. Means told Venice police the theft apparently occurred between 9 a.m. and noon. The billfold also contained her driver's license and papers.

Two checkbooks containing about 300 checks each were stolen in a burglary at Clark's Hardware Co., 21st street and Edwardsville road, it was reported at 8 a.m. Friday.

Filing cabinets were ransacked and a diesel oil handle was turned to the "on" position. Entry was gained by forcing the front door.

Warehouse Offices Entered
Burglars forced their way into the offices of the Eads Supply Co. and Vandalia Warehouse Co. located in the old Nesco warehouse building at 1100 Niedringhaus avenue after 5:30 p.m. Thursday.

A combination was knocked off a safe in the Eads office, but the door was not locked as nothing was kept in the safe. Drawers to filing cabinets were pried. The intruders apparently left through the Vandalia warehouse as the door between the two offices was forced open. Nothing was taken.

A wallet containing \$204 and two suitcases filled with clothing were taken from the auto of Gary Stark, 2028 Washington avenue, Friday night when the car was parked on the lot at American Steel Foundries.

Clothing Stolen
Clothing was stolen from the apartment of Raymond Reeves, 2655a Cleveland blvd., on Sunday.

Taken were seven pairs of off shorts and T shirts, four pairs of trousers, six shirts, an alarm clock, shaving gear and a blue suitcase. Entry apparently was gained with a key.

Papers and pictures belonging to Helen Orasco of 63 Venice Homes were found along Highway 50 near Trenton, Venice police were advised Saturday morning. Missing from the Orasco home were a red cosmetic case that had contained the papers and pictures. Not recovered was a wallet with \$50.

A burglar removed a window screen to gain entry to the apartment of Faye Rogers, 96 Garcesque Homes, Madison, where he

Arrest Theft Suspect
A charge of theft was placed against James Kostoff, 18, of 1225 Iowa street, by Madison police Saturday as a suspect in the theft of a purse in a Madison restaurant. Police said the woman called to Marie's Cafe, 1224 Madison avenue, where Mrs. Eugenia Siebold told officers that she had left her purse on a table while she and her husband were changing tables. When she returned for it, the purse was gone.

St. Louis Man Arrested, Tells of Kidnapping

John Mack Bolin, 59, St. Louis, reported to police yesterday that he was kidnapped in St. Louis and brought to Madison by two men who took his car. The incident occurred before he was arrested by Madison police at 2:10 a.m. Sunday in a Madison tavern on a disorderly conduct charge. Bolin told Madison and St. Louis police.

Bolin was arrested on the disorderly charge at Tony & Joe's tavern, Third street and Madison avenue, where a barmaid told officers Bolin came into the place accompanied by a young man and ordered several bottles of liquor. The barmaid told police that Bolin asked her to call the police when he came in and later repeated the request when the young man demanded that Bolin pay for the liquor. When she picked up the phone to call police the young man walked out, she said.

After he was released on bond while at 10 a.m. yesterday, Bolin told Madison police about the alleged kidnapping. Then he went to St. Louis where he also reported the incident to St. Louis officers. Bolin was released in Madison on a bail pending a May 3 hearing.

MORE ABOUT
'Bargain Day'
considered an investment that will maintain and bolster the resale value of your home.

"Lack of essential sewer services would cut property values and end our city's prospects of obtaining almost any kind of federal tax aid. But our vote 'For Better Sewers' can assure a bright, prosperous future for us all and for our community."

Some oldtime sewers were built with a much smaller total geographical area in mind. Many of these lines are only 12, 15 and 18 inches in diameter.

Advantages in All Areas
Granite Cityans For Better Sewers are saying to such "oldtimers" that "our one-pipe sewers in Unit One were paid for years ago. The new sewers there will carry off rain water. The old combined sewers can't do that and also handle sanitary sewage without raw sewage backing up into basements and running onto streets."

Nameoki area residents paying \$2.50 monthly for sanitary sewage and 50 cents to treat the sewage before it goes into the Mississippi River are already making substantial payments. But a very few residents outside Unit One have a place to go during rain.

A breakdown of the financing of new stormwater sewers shows federal aid providing 50 cents of each dollar and local business and industry paying another 32 cents. This leaves only 18 cents to be paid by home owners for each dollar of sewer improvements carried out.

All of the figures given so far in this article refer to the stormwater portion of the program.

Sanitary Sewer Portion
An additional benefit and cost (in North Granite, West Granite and Mercer drive only) is the sanitary sewer program to be built simultaneously with Unit One.

These areas will be charged the same as other neighborhoods which have been provided new sanitary sewers and treatment. But it is "Bargain Day" for them, too, because otherwise the sanitary sewers would cost them about twice as much.

Improvements in all areas hinge on a "For" vote on the single ballot question being submitted May 6.

While \$100,000 sanitary sewer aid is a part of a \$1,500,000 federal grant for Unit One, it cannot be separated. All of the grant must be utilized if any of it is to be obtained, and this can only be assured by an affirmative vote in the May 6 election.

Accident on Nameoki Rd.
Autos traveling in opposite directions on Pontoon road and making left and right turns onto Nameoki road to go south, collided Friday. The drivers were James Davidson, 4208 Maryville road, and Wilma Fletcher, 2232 Benton street.

Cancer Detection Films To be Shown Tomorrow

Through the movies and other special projects of the American Cancer Society, we hope to alert all women to the fact that cancer is easier to cure when detected early," the chairman said.

Mrs. Bigley said the films are to be shown without cost through arrangements with Christ Peckoff, Washington Theatre manager, and Arthur Enterprises.

Miss Betty Ann Eberhart is Bride of Dennis W. Andrews

Altar bouquets of white gladioli and pom poms provided the setting Saturday morning for the wedding of Miss Betty Ann Eberhart, a daughter of Mr. and Mrs. Wilfred Eberhart, 600 East Chan of Rocks road, and Dennis W. Jacobson, a son of Mr. and Mrs. Oliver Jacobson, 141 St. Andrews street, Edwarsville.

Cat from Willow Walk Becomes Met Stars Pet

A chocolate-point Siamese cat acquired last fall from the Willow Walk Cattery in Mitchell has become the inseparable companion to its owner, Metropolitan Opera Singer Marcia Baldwin, a native of Moline, Ill. Mrs. Baldwin, owner of the local cattery, recently received a full-page newspaper feature story, describing the opera star's fast-rising career that pointed out the importance attached by Miss Baldwin to her new pet.

While interviewing the singer in her plush Manhattan apartment, the writer noted that her cat was reclining on a tiger-skin covered couch and obviously enjoying its luxurious surroundings.

Miss Baldwin said the feline pet accompanies her wherever she goes and mentioned that she will only travel on airlines that allow her to take the cat along. The Met star has named the cat "Timur" for a character in the opera "Turendor" in which she appeared and because, she commented, "he has an old man's face."

Fuller's 40 Gives GCHS Links Win

Mike Fuller came in with a 40 to give Granite City high school a victory in a triangular golf meet over Lebanon and Collinsville Friday at the Granite City Army Depot links.

It was the best performance of the day as the team totaled 171 strokes to 174 for Lebanon and 186 for Collinsville. It also boosted the Warrior record to 61 for the season.

Adding to the Warrior effort were Chip Green with a 42, Tom Carmody with 44, Dan Jenkins with 45 and Tom Schwager with 48.

Coach Harry Lane's squad was scheduled to meet Assumption today at Fairmont City and Edwardsville tomorrow at the Depot.

The Granite City Warrior golf team suffered its first defeat of the season, losing 176-168 at O'Fallon Thursday.

"Weather conditions weren't perfect, and when you play in high winds on the opponent's advantage, you have a definite disadvantage," Harry Lane, Warrior golf coach, told the Press-Record.

Warrior Tom Schwager hit a low 42 strokes for the par-36 course. Dan Jenkins followed with 43 and also birdied the 4. Tom Carmody had 45, while Tom Green 46 and Dick Koxer 51.

Warrior Track Team Places 5th In Southwest Conference Relays

Granite City high school's track team placed fifth in the Southwest Conference relays Friday night at Alton which was dominated by the host team with 110 points.

East St. Louis placed second with 98, followed by Edwardsville with 86, Belleville West 31, Granite City 28, Collinsville 20 and Wood River 4.

Despite the fifth place finish, Warrior Coach Jim Morrison felt the squad was better than any that he has coached here in the last four years. A check of records showed that the current team was way ahead in five events of the annual relays, even in one and behind in two.

Five Records
Five new records were set, including two by Jim Jackson of Edwardsville, the only double winner, who soared to 12 feet, 11 inches in the pole vault and cleared the high jump bar at 6 feet, 5 inches.

Others were in the discus event, won by Dave Beyers of Alton at 172 feet, 3 inches; the two-mile relay, won by Alton at 8:05.5; and the long jump, won by Avery Wallace of Alton at 22 feet, 8 1/2 inches. Alton won eight of the 14 events.

Granite City's best performance was produced by the 880-yard relay team which finished second ahead of East St. Louis at 1:33.7. The mark was 1.7 seconds within the school record and the state qualifying time. On the team were Keith Gauen, Jim Jones, Carl McDowell and Bill Davis.

The Warriors lost out for a third-place finish when the sprint medley team was disqualified over a lane mixup. The team managed to finish fourth in 3:46.2. On it were Joe Bodi, Rick Bartling, Joe Arico and Joe Pashe.

Two-Mile Relay
The two-mile relay team finished fourth at 8:30, a time which would have won the event last year. Running were Dave Lomax, Mike Burris, Bill Howard and Rich Hull.

The shuttle hurdle relay team was third at 3:58.9 produced by Bill Davis, Steve Ross, Rich White and Dave Mullineux.

The distance medley team of Rich Hull, Dave Gitch, Max Speer and Mike Burris placed fourth at 8:24.5.

Also finishing fourth was the mile relay team of Keith Gauen, Dave Lomax, Carl McDowell and Joe Pashe at 3:34.1.

Jim Jones, a sophomore, led for fifth place with a time of 10.5 seconds in the 100-yard dash.

2 GC Athletics Play On Bradley Net Team

Bob Buente and Brad Toburen, both of Granite City, are members of the varsity tennis team at Bradley University, this season.

Buente, a senior letterman, won 24 games and lost 187 for the Bradley Braves last year, which finished with a 12-6 record. He had a 14-6 match record which included two tournaments.

Toburen, a sophomore, received a national last year.

The Warriors failed to place in the field events, but Dave Sutch was state qualifier in the shot put at 138 feet.

Of more than 50 GC boys competing in the relays, all but four returned with medals, Morrison noted.

Sophomore Event
Granite City finished sixth in the sophomore event, also won by Alton. However, the top five sophomores competed in the varsity competition.

The sophomore 880-yard relay team of Ron Key, Don Butch, Rich Asadorian and Don Tyler was fifth at 1:41.8; the shuttle hurdle team of Jerry Cooke, Ron Key, John Tyler and Jerry Thompson was fourth at 1:08.5.

1st-Place Warriors Add 3 Baseball Wins

After blanking 9-0 at Wood River Thursday and recording a shutout at the Southwest Conference win 9-0 over Collinsville here Friday, the GCHS baseball Warriors lost to the visiting Alton 3-2 in a doubleheader at Springfield Griffin Saturday.

The first-place Warriors are undefeated in conference games. In the previously postponed game against Collinsville, Warrior Roger Coakley led in the first inning with a triple and scored on a home run by Jim Stuart.

Another Warrior triple by Gary Simpson brought in Bob Lewey in the second inning to add to the lead, and the Warriors broke loose in the fifth with five runs on two hits and five walks. A final run was scored on an error and a passed ball in the sixth.

Warrior Don Rains struck out three, walked two and allowed five runs. He was relieved in the fifth by Steve Lengyel, who struck out one and walked two. Lengyel led the Warriors with two hits. Collinsville led in hitting 9-5 but committed four errors to Granite City's 3-2.

Loss Early Lead
Leading 4-0 after the first inning, the Warriors fell victims to poor defensive play in losing to Griffin in Saturday's opening game.

Stuart led off with a double, Paul Kacera walked and Charles Benson was hit by a pitch. Steve Conway walked and Carl Benson singled in two more runs.

Conway scored during the first inning. Griffin put Benson out when he broke from second base.

Kacera led in hitting with a two-for-two mark and Benson was credited with two RBIs.

Joe Henry pitched three innings, giving up six runs, four of which were unearned. Simpson finished the game for the Warriors. Granite City had four hits in the three innings compared to Griffin's five hits and three errors.

Long Hits Gain Split
A series of power hitting by Gary Simpson, Roger Beise and Bob Schmitt gave the Warriors the second-game victory.

Long hits came in the first and second innings. Simpson hit a home run in the first and Beise a double in the second.

Mid-season Records by Joe Feder, Warrior baseball coach, including commending the team for playing excellent ball, good defense and team spirit.

The real problem we have is that each of our players is sitting on the bench in the game. For example, we have four boys capable of playing second base well, each of the team.

The conference would like to have them—

GC Couple Files Suit Against Two Railroads

Two damage suits against two railroads and a yardmaster were filed in Madison county circuit court Friday for Everett Wortham and his wife, Mrs. Daisy Wortham, at the result of a train accident Nov. 18, 1965, in the Roselake yards of the Pennsylvania Railroad in East St. Louis.

Wortham, a switchman for the Terminal Railroad, seeks \$145,000 from the TRRA, the PRR and James Briggs of Delmar, the Roselake yardmaster.

The complaint alleges that Wortham was riding in a TRRA engine which was delivering freight cars to the PRR when it collided with other railroad cars on the same track. He claims he was thrown about the cab of the engine and sustained severe injuries.

Negligence was charged on the basis that there was no warning that the right-of-way was not clear.

Mrs. Wortham is asking \$25,000 to compensate for the loss of her husband's financial support and companionship.

Probation Revocation On Guy Wallace Sought

A petition to revoke the probation of Guy Wallace, 26, of Granite City, was filed last week in Madison county circuit court at Edwardsville.

He was arrested Thursday and was released on \$2000 bond on Friday. A hearing date on the petition is pending.

Wallace was convicted and placed on probation on a charge of aggravated battery. An attempt to revoke the probation was filed on April 10, 1967, but the court added a year to the term of probation.

He was cited last week in connection with battery charges on complaints filed by James Moad and Harold Vaughn on March 29, violation of curfew provisions, an alcohol restriction clause and failure to report to his probation officer.

Charles LaRose on Duty In South China Sea

Charles D. LaRose, a son of Mr. and Mrs. Arthur LaRose, 519 Margaret avenue, formerly stationed in San Diego, Calif., left recently for overseas duty. He is in the U. S. Navy, serving aboard the USS Halekela, an ammunition ship now on a tour of duty for eight months in the South China Sea.

Before leaving the seaman was promoted to radioman third class. Prior to his departure he had just graduated from a tele-type repair school in San Diego and was given the title of Doctor of Tele-type Therapeutics. He is scheduled to return home in November. His wife is residing in Valley, Calif.

Jr. College Group Makes No Plans

The steering committee of the proposed Lewis & Clark junior college district, which was defeated in a referendum April 1, was sharply criticized for lack of enthusiasm during a meeting Thursday night at Edwardsville.

No plans were made at the meeting to re-submit the proposal nor to change the boundaries of the proposed district. However, Wilbur Trimpe, Madison county superintendent of schools, was retained as committee chairman.

John Mellott of Thomas W. Perry & Associates, public relations director hired by the committee, told the group that its active membership dwindled from 300 to nine or 10 during the campaign covering 24 school districts.

John McBride, a former Union Star and Refining Co. executive and now an associate professor at the Southern Illinois University-Southwestern campus, noted that the election needed a swing of only 377 votes.

He said that if every school teacher in the Granite City area had voted, it would have carried. The junior college proposal was defeated heavily in the Granite City and Collinsville areas.

McBride also said that if every school teacher in the proposed district had contributed \$1, a financial goal of \$10,000 needed for the campaign would have been met. Less than \$7000 was raised.

S. Nameoki Road Bid Call Still Four Months Away

A State Highway Department bid call on improvement of the south section of Nameoki road is a possibility in August, but it will be September.

Even after bid calls are issued, several weeks are required for advertising. This would place the award of a contract well into late fall.

Improvement of the south section of Nameoki road calls for expansion of the present roadway to a four-lane highway from Madison avenue to Route 162. The state has set up a construction estimate of \$700,000 in its 1967 work schedule, plus allotment of \$40,000 for right-of-way.

Hall Storm Study Begun

A spring and summer fact-finding program on hall storms in Central Illinois has been started. The program involves cooperation of many farmers living in the study area as well as insurance adjusters investigating hail damage, according to the Illinois State Water Survey.

The study is combining complete radar and surface observations of any hail occurring over a 28-county area and a study of damage.

Field operations, to be conducted April through September in 1967 and 1968, are part of a highly detailed hail study supported by a two-and-a-half-year grant from the National Science Foundation and by the Crop-Hail Insurance Actuarial Association, Discover Illinois Week.

A team of more than 500 business and community organizations will kick off the week-long state-wide campaign of "Discover Illinois Week" on April 16. The project is aimed at encouraging traveling and vacationing Illinoisans to see and enjoy Illinois first.

By proclamation of Gov. Kerner the week of April 16-22 has been set as "Discover Illinois Week" to coincide with the national "Discover America Week" and be observed simultaneously with tourist promotion groups throughout the United States.

DON'T BLOW YOURSELF UP!

NEVER USE GASOLINE AS A CLEANER. EVEN IF YOU CLEAN WITHOUT MISHAP, VAPORS COMING FROM THE "DIRTY" GARMENT MAY BE IGNITED BY HEAT FROM YOUR IRON TO CAUSE A PAINFUL EXPLOSION!

The project is under the direction of the Tourism Division of the Illinois Department of Business and Economic Development.

"Discover Illinois" is the first major coordinated statewide promotion designed to attract Illinoisans and out-of-state visitors to see Illinois.

Completes Basic Training

Pvt. Dennis R. Joyce completed basic training at Fort Leonard Wood, Mo., and will be stationed at Fort Ord, Calif., before leaving June 28 to attend Officer Candidate School at Fort Benning, Ga. His wife, Judy, and son Jeffrey, five years old, reside at 2010 Bryan avenue.

PEACEFUL CO-EXISTENCE IN VIETNAM. Caption and photograph were provided by the Press-Record by SP/5 Daniel D. Hogan, who is stationed with U. S. Forces at Cam Ranh, Vietnam. Adopted by the serviceman as pets, Harvey, the dog, and Rocky, the cat, were napping soundly on replacement beams for a bridge destroyed by the Viet Cong, near Phan Rang, when photographed by Hogan.

Peaceful Pets Cause Soldier to Ponder War

The sight of his pet dog and cat sleeping peacefully together on steel beams near a demolished bridge in Vietnam prompted SP/5 Daniel D. Hogan to photograph the contented twosome and speculate in a letter to the Press-Record why humans cannot follow their harmonious example.

The serviceman, whose wife, the former Frances Foster, resides at 3825 Lake street, Pontoon Beach, is stationed with Company D, 87th E.B.C. (engineering construction battalion), at Cam Ranh Bay, Vietnam. He has served in Vietnam ten months and, according to his wife, is expected to return home May 25.

In his letter, SP/5 Hogan wrote, "I have titled the photo, 'Peaceful Co-Existence in Vietnam.' The steel beams on which Harvey, the dog, and Rocky, the

S/SGT. DANIEL HOGAN

cat, are sleeping, are replacement beams for a bridge that was destroyed by the Viet Cong near Phan Rang.

The soldier continued, "The sight of two such different ani-

mals and the location of their nap has made me wonder why people can't follow their example. It is said in the Bible, the lion shall lie down with the lamb. If more people were to read this great book, I believe a lot could be settled off the battlefield."

Mrs. Hogan told the Press-Record she has heard a great deal about the two adopted pets of her husband's. "He mentions them frequently in his letters," she commented.

An eight-year Army veteran, SP/5 Hogan, 27, previously served in Korea, Okinawa and Germany. He also was stationed at the Granite City Army Depot, where his wife has been employed for the past five years as a stock manager. The couple was married Sept. 3, 1965. Mrs. Hogan is a native Granite Cityan, while her husband is from Quincy, Ill.

Returns to San Diego From Duty Off Vietnam

Fire Control Technician Gerald G. Boyd, U. S. Navy, a son of Mr. and Mrs. Tom Boyd, 718 Twenty-sixth place, has returned to San Diego aboard the USS Richmond K. Turner after spending six months with the Seventh Fleet of the coast of Vietnam.

Although there was time for stopovers in Hawaii, Japan and the Philippines, more than 70% of the tour was spent in support of the carrier strike force.

P. Pigg st., 2440 Ohio avenue, general repairs to porch, \$150; Robert Kraus, 2617 1/2 Madison avenue, remodel porch and room, \$1,000.

Creamed Potatoes New-Style

New potatoes, richly sauced, are good as is, but when thinly sliced tender green onions flavor the sauce, this vegetable dish becomes something special.

The new-style flavor is matched here with new-style preparation which eliminates separate sauce-making. When the potatoes and onions are tender, the flour is sprinkled in to mingle with the butter and flavorful cooking liquid. Then double-rich evaporated milk is added, and the whole cooked and stirred to creamy perfection. This one-pot method of creaming can be adapted in the preparation of other creamed vegetables.

Creamed Potatoes New-Style

1 1/2 cups sliced green onions (including green tops)
1 cup water
1/2 cup flour
1/2 cup evaporated milk
Dash of pepper
Scrape or peel potatoes; cut in half if large. Place in a medium size saucepan with the water and salt. Bring to a boil, cover and boil over medium heat until fairly tender, about 20 to 25 minutes. Add butter, pepper and onions. Cook 4 minutes longer, stirring occasionally, until butter is melted and onions are tender. Remove from heat. Sprinkle in flour a little at a time, blending smoothly. Then stir in evaporated milk. Cook and stir over medium heat until sauce is thickened. Makes 4 to 6 servings.

Let's hope he's right

Right this moment a man is deciding whether to heat a building with electricity...or gas. A lot of people will have to live with that man's decision for a long, long time. Let's hope he's right.

And let's hope he gets his facts from a source that is objective about the relative advantages and

costs of gas and electricity. A source that is interested only in the right kind of power to solve his special problem.

We're objective—because we supply both ELECTRICITY and GAS. When you've got a decision to make about power, ask us. Our people talk straight.

More Help For Private Colleges

(Chicago Daily News)
The decision to expand the Illinois state scholarship program represents a victory for private supported colleges and universities.

Legislative leaders and members of the Illinois Board of Higher Education have agreed to set aside \$20,000,000 for the scholarship program in the next two years, nearly tripling the \$10,000,000 appropriated in 1965.

The program will also be broadened to help needy students who might not qualify on the basis of grades alone. Most of the money, if past experience is a guide, will go toward attendance at private institutions.

The Federation of Independent Illinois Colleges and Universities also has persuaded the Legislature to go slow on acquiring sites for four new state senior colleges, three in the Chicago area and one in Springfield.

Gov. Kerner held open the proposal to spend \$5,000,000 for this purpose, but the Legislature has raised questions that need to be resolved before final commitments are made.

Everyone agrees that college enrollment will increase in the years ahead, and that more facilities will be required. But the amount of state aid is in dispute, as is the capacity of the private colleges and universities to absorb the increase.

The federation, led by executive-director Milburn P.

Important Election Tomorrow in Madison, Venice, Pontoon Beach

This month's series of elections to choose Quad-City area governmental officials will come to an end with tomorrow's 6 a.m. to 6 p.m. balloting in the cities of Madison and Venice and the village of Pontoon Beach.

Madison and Venice mayors are not up for election this year, but the Pontoon Beach ballot will include the equivalent of the mayor's office there, the village presidency.

A total of 26 candidates are seeking 15 offices, there being nine two-way contests (including a write-in campaign) and one three-way contest. Five aldermanic candidacies (two in Madison and three in Venice) are unopposed Tuesday.

At Pontoon Beach, President Staicoff has followed an immediate boundary expansion policy without sufficient regard for how village services to new areas would be financed. Correction of health, dumping and building nuisances has been criticized as insufficient. His role as East Side Levee Board treasurer injects organized politics into a village formed to avoid "entanglement with city hall politicians."

We favor Edson Phelps for president because he is more oriented to the needs and wishes of Pontoon citizens than to political interests. Also recommended are the other members of his Citizens Party, Floyd Ashoff for clerk and Harold McBride, Clyde Bradshaw and Gerald Warren for trustees. McBride has experience on the village board.

Want a bigger return from your home investment?

Buy a bigger home!

IT'S A GOOD DAY FOR SELLING YOUR HOME [AND TURNING AROUND TO BUY A BETTER ONE!]

During the next three years, home prices should go up as they seldom have before. Little homes should go up a little bit. Big homes should go up a lot. The difference in profit between a "little" and a "big" is your best reason for moving up into a better home now.

Of course it's going to cost you something to sell your present home . . . and there are a few costs involved when you buy another home. But these costs are

small when you figure the greater appreciation in value that the better home should give you. Ask your builder or realtor for an hour or two of his time. Work out the dollars and cents of your home situation. Then decide for yourself. You thought you might have to wait for that better home; you'll be happy to discover that it's a good day for moving up . . . now!

Tight money? There's enough to go around. Let your builder or realtor get your mortgage for you.

Optimists Hear Details Of City's Sewer Program

Attorney Leo H. Konzen, speaker's bureau chairman for the Granite Cityans for Better Sewers Committee, urged support for the May 6 sewer bond issue when he addressed Granite City Optimists at their luncheon meeting Thursday afternoon.

"We must act now to tie down the \$1,500,000 federal grant which is available only if we come up with our share," the attorney said. He explained the \$8 million being sought through approval of the referendum will be matched with \$6 million to be provided from the federal government.

Konzen pointed out that only \$1,000,000 of the \$8 million in bonds would be issued now. This sum will be used, together with the first federal grant of \$1,500,000, to carry out the initial phase of the \$14 million sewer improvement program, he added.

Noting that construction of a two-pipe separated sanitary and stormwater sewer is required for the city to remain eligible for future federal grants, Konzen also stressed the project is necessary to permit changeover from our present primary sewage treatment process to secondary treatment when the municipality is ordered to do so.

He explained that Illinois state authorities currently are making plans to step-up the sewerage treatment program which will be mandatory in cities the size of Granite City.

"Correction of Granite City's drainage and sewerage deficiencies at the earliest possible time, coupled with adequate provisions for future growth, will determine whether this community continues to attract new industries, new jobs and new people," the speaker emphasized.

Brochures giving details of the drainage and sewerage deficiencies were distributed to 30 members attending the meeting in the YMCA.

Wilbert Tribes, Optimist president, conducted a brief business session and welcomed three guests, Col. David Fox, newly appointed deputy commander at the Granite City Army Depot; Howard W. Kaseberg, Tri-Cities Chamber of Commerce president, and Howard Colequist, C. of C. executive director.

A summary of the Zone oratorical contest in which local contestants Kenneth Graham, placed second, was presented by John Dreves, Boys' Work chairman.

City Auto Stickers Go on Sale Today

Granite Cityans may now purchase their 1967-68 city auto license stickers at the city hall office of City Clerk Homer "Cal" Penleton.

The \$3 windshield stickers, a light blue color for the new fiscal year, become due May 1. Truckers are asked to have their state registration cards with them when purchasing a sticker, since the city license fee is based on the size of the vehicle.

James Grady, 2940 Marshall avenue, and Shirley Claxton, 3253 Carlson avenue, were arrested on speeding charges on Thursday and Friday as traffic division police operated a radar unit along Madison avenue.
